Some types of equipment used in physical activity have unique characteristics and, if improperly used, can be dangerous and result in injury. Before you use any equipment, make sure you know how it works and it is in safe working order. Safety equipment may be required for some class activities. I have read the above statements describing risks and responsibilities. I understand the potential risks associated with participation in physical activity. I understand I should consult with a physician to determine my suitability for participation if there is any question about its appropriateness. I understand I should consult with the match director if I have any uncertainty or concerns regarding my participation as well as questions/doubts about safety during activities. My questions about this agreement have been answered to my satisfaction.
